Experiences

- HACKATON DAKARINNOVDAYS : Participation in a 48-hour hackathon organized by "La Mairie de DAKAR", MERN web application for digitizing administrative documents. Responsible for back-end implementation and database management.
- CHALLENGE 1 : I took part in a challenge to create a dynamic, responsive portfolio in 2 hours using html, css and javascript technologies.
- CHALLENGE 2 : I took part in a challenge to create a responsive "local café" showcase site in 2 hours using reactJS technology, which won the prize for best execution and compliance with evaluation criteria.
